Kiwanis Club to host breakfast

The Kiwanis Club of the Glades will host their 13th annual Prayer Breakfast on Good Friday, April 17 at 6:45 a.m. at the Belle Glade Civic Center. Ray Caruthers will be the guest speaker. The community is invited to attend.

Baptists to meet for day of prayer

Members of the First Baptist Church of Belle Glade will participate in Meet at City Hall on the National Day of Prayer, Thursday, May 7. On that day, which is the National Day of Prayer, concerned Americans from across the country will gather at their local city hall to pray for a moral rebirth in the land.

First Baptist Church of Belle Glade will be joining others in hundreds of communities across America in participating in Meet at City Hall from 12:20 p.m. to 12:40 p.m. Individuals and churches from many denominations are expected to participate in the event.

"We invite concerned individuals to meet at Belle Glade's city hall and pray for a moral rebirth in America," said Rev. Craig Hartzog, Pastor of First Baptist Church of Belle Glade.

Churches and individuals interested in participating in Meet at City Hall should call 996-5596.

League V.P. to speak in WPB

Andy Rackley, vice president and general manager of the Florida Sugar Cane League, is the guest speaker at a breakfast Wednesday, April 29 at 8 a.m. Rackley will describe "The Future of the Everglades: The Environment and the Economy."

Held with the Chamber of Commerce of the Palm Beaches, the breakfast will be at the Omni West Palm Beach Hotel, 1601 Belvedere Road, West Palm Beach. There is a cost for the breakfast.

Reparing of SR 80 begins

Reparing of State Road 80 from Hooker Highway east for 3.5 miles began last Monday, according to representatives with the Florida Department of Transportation.

One lane will be closed on an alternating basis from 7 a.m. to 5 p.m. weekdays. S.R. 80 will be closed to all traffic at a private railroad crossing in this construction zone from May 4-15 while the crossing is rebuilt. Ranger Construction of West Palm Beach is the contractor for the \$819,000 repaving project, which is expected to be done in 90 days.

In addition, on State Road 7 from the county line north to Glades Road, the contractor will be installing barrier walls. Left-turns at the median openings will be unaffected by the construction.

Okeelanta officials praise fire department

By Bill Phillips
Staff reporter

"Three thousand employees including Jamaican and domestic workers could have been put out of work if a massive fire at the Okeelanta Corporation was not brought under control by our local fire department," according to an Okeelanta official.

"All I can say is 'Thank God,' for our local Belle Glade fire department and everyone who helped them put out the blaze," said Oscar Schneider, personnel director for the sugar company, which includes a mill and refinery.

"Because of their quick response time, the fire did not spread to the mill or a large storage warehouse which holds 25,000 tons of raw sugar," he concluded.

Officials have yet to determine the exact source of how the fire started.

Although no one was injured in the fire, damage estimates are between three and a half to four million dollars.

The fire was discovered about 5 a.m. last Friday morning with the Belle Glade Fire Department responding

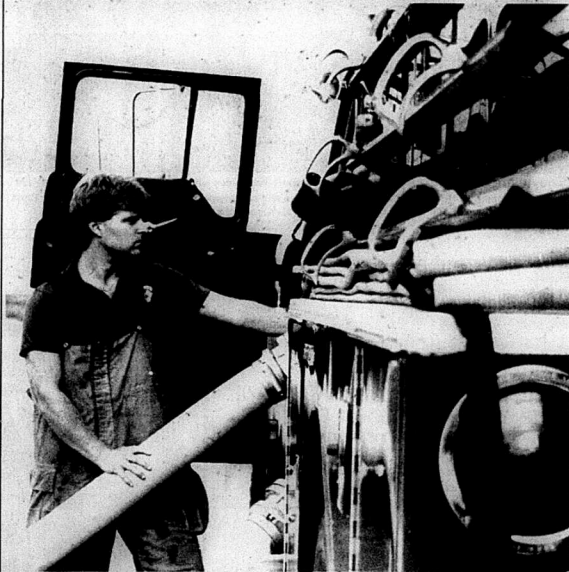

first on the scene. When firefighters had just about brought the fire under control with the assistance of the Canal Point Fire Department, Palm Beach County Fire-Rescue showed up to help finish the job.

Employees were evacuated from the mill and stood helpless and watched as a huge fire threatened to take away their livelihoods.

About 1 p.m., the American Red Cross showed up at the mill to feed the firefighters. "We were so well received. They had been there since 5 a.m. and were starving," said Ann Hopkins, executive director of the Red Cross.

"We were sure glad to see the Red Cross," said Steve Hearsom, volunteer firefighter for the Belle Glade Fire Department. "Eight hours without food in those conditions is pretty rough. Glades folks just take care of each other," he said.

Belle Glade Fire Chief, Tony Tuliano said, "I'm proud of all of my men for the job they did last Friday and appreciate the assistance from Canal Point and the other firefighters involved."

Police raid the "House of Pain"

By Brenda Bunting
Editor

A building known on the streets in the Southwest section as the House of Pain may be torn down for being unfit for human habitation.

Notoriously the building has been known as a place where drug addicts smoke crack cocaine and prostitutes lay on dirty mattresses on the floor to sell their bodies for another fix.

It's also a boarding house where young children are said to be lured for drugs and sex...children as young as 10 and 11.

Last Friday, city officials said enough is enough.

Sweeping in on the boarding house at 416 S.W. Avenue B Place, a team from the police, sheriff and fire departments, as well as the Palm Beach County Health Department went door to door waking some tenants

and interrupting one prostitute in the middle of a trick.

"This is outrageous," said City Manager Lomax Harrelle, as he stepped over rags, beer cans and carry out food containers cluttering the hallways. "We're not going to put up with this kind of business any more."

Harrelle said he received a complaint Thursday from a citizen about the illegal activities at the building. He went into action, calling other agencies and helping plan a raid for the next morning.

"We decided to act immediately, especially after we heard that children as young as the fifth and sixth grade were being lured into this building for prostitution and narcotics," Harrelle said.

SFWMD officials agree to look at alternate plan

By Margaret Barletto

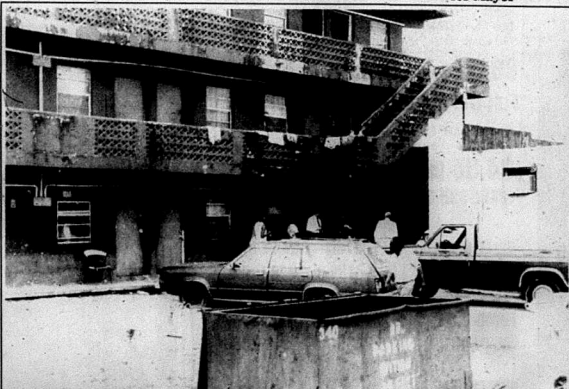

More than 150 Glades area residents gave a standing ovation when the South Florida Water management District Board of Governors agreed unanimously last Thursday to give equal consideration to an alternate Everglades clean-up plan submitted by the Florida Sugar Cane League.

The group of residents included people from all walks of life, as well as 30 members of the Clewiston High School Future Farmers of America club. Many of the Glades area contention sported peach and blue T-shirts saying "We'll SINK with SWIM - Protect the Everglades farmer." Four of the Clewiston High School students

stood in front of the SFWMD Headquarters in West Palm Beach bearing posters declaring their disapproval of the existing Everglades SWIM Plan.

Extending the "olive branch of peace," U.S. Sugar Vice President Robert Buker gave an emotional speech to water managers. "As I look out over this audience, I see three generations of farm families," he said. "I am more nervous than usual today, because I am the one chosen to speak for all these people and that is an awesome responsibility."

"We are here today to be the peace makers," Mr. Buker said. "We want to see the Everglades See Alternate plan page 3

A bad reputation...This boarding house at 416 S.W. Avenue B Place in Belle Glade must be evacuated within 30 days, according to City Building Inspector Gene Simmons. Mr. Simmons said the building violates many city codes and is not fit for human habitation. Neighbors have called it the "House of Pain" for years because of the activities that allegedly go on in the building.

The progress and accomplishments of Sugar Cane Growers Cooperative were commemorated last Saturday in a day-long celebration for workers and friends. Over 3,000 people turned out for the gala affair.

"We're celebrating 30 years of success, and we hope to celebrate 30 more," said George Wedgworth, President.

Guests dined on hot dogs, hamburgers and barbecued chicken. Children had their choice of activities including puppet shows, pony rides a petting zoo or rides such as the Moon Walk, a giant slide, the Roundup, games and a Carousel.

At 2 p.m., Co-op President George Wedgworth recognized the workers who had been with the cane processing center for 30 years. Mr. Wedgworth gave 13 plaques and commemorative medallions to Mill employees

Austin Alleyne, Joe Bowens, Joslyn Burrell, William Chapman, John Felder, Edmond Hall, Ila O'Neal, Douglas Williams. Mill administrator Oscar Dominguez and Silvio Garcia, Agriculture Division members Willie C. Fleming and John A. Young, and Venton Holland, Office Services.

Mr. Wedgworth told the group the history of the mill. He said a group of 16 Glades area vegetable growers got together in 1960 to form the co-op. Fifty-two grower-members pledged to grow sugarcane to be harvested by the Cooperative on some 20,000 acres. To finance the original raw sugar processing plant, Cooperative members pledged 30 cents per ton, based on what each member anticipated growing for the proposed mill.

The initial investment in the mill was \$14.2 million with another \$2.1 million added for the agricultural equipment. The first load of sugarcane was ground Nov. 27, 1962 and between 1962 and 1973 the milling tandem was enlarged, with corresponding capacity in the boiling house, to grind 7,000, then 10,000 and finally 13,000 tons of cane per day.

A joint venture with Quaker Oats to produce furfural from bagasse went on line in 1966-67.

The mill was expanded two times through the years, in 1973-75 and 1981-82. In the 1973-75 expansion, stack scrubbers were installed on the steam generators to eliminate of 93 percent of the particulate matter of the combustion process. This \$5million project was undertaken in order to comply with the new regulations of the 1975 Clean Air Act.

In the 1981-82 expansion, the mill was expanded from a nominal daily rated grinding capacity of 18,000 tons to its present capacity of 21,000 tons of cane per day. This year, 81 percent of the cane was harvested mechanically and the Cooperative broke three production records.

maroon-colored building has a sordid history and they would like to see it torn down.

"I've got boys 12 and 15 years old," said Josa Lawrence, a neighbor. "I'll be glad to see this place closed down. I've been afraid for my boys."

Another neighbor said she is angry that it has taken the city so long to investigate the conditions in the Southwest section, saying there are many other buildings where the same type of activities are going on.

Not fit for human habitation... was the report from the Building Inspector for the City of Belle Glade.

The owner is listed as a Mary Fowler, who is deceased. David Fowler, assumed to be a relative of the late Ms. Fowler, is listed on the tax rolls. Andre Moore of West Palm Beach leases the building. He defends the way his building is operated and says it is no worse than others in the neighborhood.

Belle Glade Building Inspector Gene Simmons said the building has been found to fit the criteria of a dangerous building; unsanitary, unfit for human habitation and violates many electrical, plumbing and building codes. He has posted a notice on the building and tenants must be vacated in 30 days.

"If the building repair work exceeds 1/2 of the cost of the building, and it does, we advise the owner to demolish the building," he said.

"I'm paying taxes. If the building needs work, o.k. I should be able to bring it up to code id they give me a chance," said Mr. Moore.

The three-story structure was built in the early '60s and has two bathrooms on each floor to serve all the tenants. The building stays about half full year round, according to the landlord.

"I try to keep the bathrooms clean, but the public is using them too," said Mr. Moore.

One tenant, who wouldn't be identified, said she pays \$50 a week to live in one room without running water.

She has lived there over a year and said she doesn't mind the conditions or the price of rent.

"It's o.k. here. I'm not afraid. And I'm not answering any more questions," said the woman who appeared to be at least 10 pounds underweight.

"We're fighting a losing battle here," said Police Chief Michael Miller. "This building has a history of narcotics and prostitution." "We're going to continue a very vigilant surveillance of this area for illegal activities," he added.

The city has torn down several old buildings in the southwest section in the past few weeks and plans to demolish several more in the future.

Would you care to spend the night?...Most of the tenants in the building on SW Avenue B Place sleep on filthy mattresses on the floor.

One unclean shower stall...was a testament to what goes on in this rooming house. People have been using the room to smoke crack cocaine and use other illegal drugs.

Festival Cinco de Mayo to be celebrated in Belle Glade

International, national and local bands and dancers will perform continuously until 6 p.m. The schedule of performers includes eight acts, including the world renowned Ballet Folklórico, Charros de Mexico and internationally known Abril 78.

The celebration, expected to attract more than 2,000 people from all over South Florida, will also feature Mexican and other food vendors, offering an array of the finest of authentic Mexican and Hispanic cuisine, handmade crafts vendors, offering straw, ceramic and other products of Spanish origin, and children's activities, including a magician.

The grounds will open at 10

a.m. and bands and dancers will perform continuously until 6 p.m. The schedule of performers includes eight acts, including the world renowned Ballet Folklórico, Charros de Mexico and internationally known Abril 78.

May 5th is celebrated as a day of triumph for Mexican people everywhere, signifying the intense patriotism and fighting spirit of those who fought the Battle of Puebla. The battle in 1862 pitted a well equipped, well trained French force against a much smaller, crudely outfitted, but fiercely loyal Mexican force and has come to signify the

determination and patriotism of the Mexican people. While some think of Cinco de Mayo as Independence Day, it is really a day which celebrates freedom from outside intervention.

Noches Latinas and the Citizen's Coalition of the Glades join together to bring Festival Cinco de Mayo to the Glades area.

Airport Park is located on Highway 441, just north of Airport Road (Avenue L) in Belle Glade.

The public is invited. For additional information please contact Mr. Garcia at 996-2656 or Mr. Zapata at 813-983-4953.

Sugarcane growers produce slightly higher sugar yield

Florida sugarcane growers produced slightly higher levels of sugar during the 1991-92 harvest season, reporting production of 1.833 million tons of sugar, raw value, from 16.11 million tons of sugarcane. This compares with the industry's previous record of 1.806 million tons of raw sugar in 1990-91.

"We're very pleased with production levels this year, because farmers had some operational difficulties early in the season due to the new burn restrictions," said Andy Rackley, vice president and general manager of the Florida Sugar Cane League.

"Ideal weather during the harvest season offset the operational difficulties," Rackley said, "and allowed farmers to maximize sugarcane yield."

New rules from the Division of Forestry this season limited conditions under which farmers can burn the excess leaves and scrub from their fields prior to harvesting. The new rules take into account the time of day and the direction of both surface and transport winds.

Sugar farmers averaged about the same yield per acre as last season, approximately 38 tons of cane per acre yielding

4.3 tons of sugar.

The 1991-92 crop was harvested from 430,000 acres in the four counties of Palm Beach, Hendry, Glades and Martin. This compares with 418,000 acres harvested last year.

Sugar production is the second largest agricultural commodity produced in Florida and the largest in Palm Beach County. The industry generates an annual economic impact of more than \$1.6 billion and the equivalent of 18,000 full time jobs.

Alternate plan

preserved, but we also want to see our jobs and our communities preserved."

Stressing that the communities in the Glades feel trapped by the choice between saving the environment and saving jobs, Mr. Buker said that choice may not be necessary, if the SFWMD Board chose to adopt less costly measures included in the League's alternate plan. The new plan stresses on-farm solutions that will end the need for flooding 35,000 acres of productive farmland, thus saving the operation of two sugar mills as

well as 10,000 to 15,000 jobs in the Glades.

"We think you're regulating the wrong thing," Mr. Buker told water managers. "We think you should regulate the results, not the methods used to achieve those results."

"We began working on this plan more than two years ago," he said. "We are not trying to pull a rabbit out of a hat. We want to begin replacing policies with market incentives and replacing confrontation with cooperation."

Water managers agreed it was time for a truce and agreed

to look into all possible alternatives to the establishment of Stormwater Treatment Areas, which are huge filter marshes used to "eat" the phosphorus out of water entering the Water Conservation Areas north of Everglades National Park.

Belle Glade Mayor Happy Tucker and South Florida Economic Preservation Council President George Cooper, of Glade and Grove Supply in Belle Glade, were among the residents pleading with water managers to consider the alternate plan.

Tenants don't want Mills

I'm calling in reference to the Pahokee Housing Authority. First, I would like to say, contrary to recent newspaper articles, most of the Pahokee Housing Authority tenants are against reinstalling Randy Mills as director.

I have a great deal of doubt in the Glades Area Branch of the NAACP as a result of their handling of this situation and others.

Nate Edwards, the president of that branch, has played both ends against the middle. He continues to say that he is on the fence. Well, I don't think that this is the position of the organization. I believe the NAACP should either support or not support a certain issue.

What should be the primary focus is what is best overall for the tenants and the authority and what is morally right.

What is happening with the board? Are they really concerned for the tenants? I think not.

They are continuing to waste taxpayers money by trying to keep Mills on. The Department of HUD has said no and that should be the end of it. Instead, they are seeking every avenue

possible to keep him on.

It should be known that every board member who voted to support Mills will regret their decision.

Editor's note: This Speak Out was edited to remove allegations that have not been proven while hopefully retaining much of the caller's message. Thank you for Speaking Out.

Girl didn't deserve feature

I was disappointed to see *The Sun* give three six inch columns of space to praise an unwed mother with a handicapped child, April 9th.

I don't wish her ill, but I also bet I know who is paying for her "achievements"....we taxpayers.

If *The Sun* wishes to feature worthy teenagers look at the excellent honor students, athletes, and community volunteers who really achieve and contribute.

The girl in the article should have time to be the average teenager because she allowed herself to become a mother instead.

Florida's taxpayers should "Just Say No"

by Dean Stansel

Researcher at the Cato Institute in Washington, D.C.

Florida once enjoyed a proud tradition as a low-tax, low-government-spending state. However, during the prosperous 1980's, as both people and revenues flooded in, Florida's politicians lived high on the hog. Spending growth was the third highest in the nation. The budget almost doubled, from \$12 billion in 1980 to \$22 billion in 1990 in inflation-adjusted dollars.

Since 1990, revenue growth has slowed but the politicians' spending appetites have not. The resulting deficits have put the Sunshine State in its current fiscal bind. And this explains why the legislature in Tallahassee is now debating the largest tax hike in Florida's history.

Gov. Lawton Chiles promised to put an end to this cycle of excessive spending and, some would say, he has made an effort.

But, the facts are sobering. Appropriated general fund expenditures rose 5.4 percent in fiscal year 1991, and in 1992 went up yet another 11.1 percent.

Taking into consideration the December 1991 special session cut of \$513 million, Florida raised spending by 6.9 percent during Gov. Chiles' first year in office. Adjusted for inflation

and population growth, this spending increase amounts to 0.86 percent.

While this may appear to be a modest growth rate in government spending, Florida was in fact, fifth among 11 Southeastern states in its rate of government growth.

Furthermore, despite the dire fiscal condition of the state, Gov. Chiles recently vetoed \$5.3 million worth of proposed budget cuts in order to save pet projects.

Among the projects saved from the budget ax was a program to add to the state's already vast amount of environmentally sensitive areas.

As many defenders of new taxes are eager to point out, Floridians faced no major tax increases in fiscal 1992. However, according to the National Conference of State Legislatures -- a bipartisan organization with no political ax to grind -- there were a total of 10 statutory changes for the year (i.e. hidden taxes) that resulted in new documentary stamp taxes, increased motor vehicle license fees, and accelerated replacement of motor vehicle license plates.

Overall, state tax revenue for a family of four will go up by \$247 in fiscal 1992.

Even this cannot staunch the tide of red ink in Florida. That is why Florida faces a deficit of \$622 million and the legislature is debating a \$1.3 billion tax hike. Included in the tax package is a "repeal of sales-tax exemptions" on various services, which sounds suspiciously like the 1989 services tax that nearly got former Gov. Bob Martinez impeached.

But wait, there's more. Changes in the intangibles tax and corporate income tax bring the total price tag for the new tax package to a whopping \$400 per year for a family of four. And that's just the proposed increase. Add that to the current tax burden and the average Florida family of four would send \$3,749 to Tallahassee in fiscal 1993, not to mention the tax dollars they will be sending to Washington.

With the onset of the recession, many Southeastern states, such as Georgia, South Carolina, Tennessee, and Virginia have cut 1992 spending. Florida's spending continued to go up.

Some leaders want to tax Florida out of the recession. In response to these ill-advised plans, Floridians should hold onto their wallets and "just say no."

Letter to the editor

April 22 is Girl Scout Leaders' Day

Dear Editor:

April 22 is Girl Scout Leaders' Day -- a special time of recognition during National Volunteer Week, when Girl Scouts and community members nationwide say "thank you" to all the women and men who make the Girl Scout advantage possible.

Locally, Palm Glades Girl Scout Council, Inc. serves more than 8,500 girls ages 5 to 17 in six-and-one-half counties (Palm Beach, Martin, St. Lucie, Indian River, Okeechobee, Hendry, and Glades). This service is made possible by the

support of 3,000 adult volunteers, nearly 1,300 of whom are Girl Scout Leaders. These caring and capable citizens take time from their busy personal and professional lives to serve as role models and mentors, providing girls with a means to explore new worlds and make new friends.

In times such as these, when drug abuse, teen pregnancy, and illiteracy head the list of contemporary issues, what better investment in our youth than programs designed to build self-esteem and leadership skills? What better

investment than Girl Scouting? -- a unique, well-structured program that helps girls of all ages and backgrounds meet -- and surpass -- their potential, and their goals.

In this, Girl Scouting's 80th year, I ask all parents and community residents to say "Thank you" to a Girl Scout Leader on April 22. Thank you for making a difference in the lives of girls.

Sincerely,
Ann Carney

El Drama Que No Pasa (conclusion)

En estos confines de la Tierra se esta conmemorando, entre lamentos, la Pasion y Muerte de nuestro Señor Jesucristo, que dentro de pocas horas culminara con los alegres aleyudas de la Resurreccion.

Vuelve al Padre, sin haber dejado un solo instante de estar en El; sube a la morada celestial, sin haber dejado un solo momento de estar entre nosotros -- con vida sobrehumana, bajo las especies cosagradas de pan y vino.

Contingentes humanos, incomparablemente mas numerosos que los que le seguan durante su peregrinacion por el mundo, le estan siguiendo sus huellas; oleadas de peregrinos que le buscan y le encuentran en todos los lugares que santifico con su presencia.

En el Portal de Belen, -- en los brazos de us Madre, donde empezo su peregrinar hacia el Calvario. Encontrado tras haberse perdido, en el Templo de Jerusalem, instruyendo a los doctores que, asombrados, le oian hablar de la Ley y los Profetas. En el Patio de los Gentiles, latigo en mano, increpando a grandes voces; llevaos de aqui todo eso; la casa de Dios es lugar de oracion, y vosotros la habeis convertido en cueva de ladrones. En el desierto, alejado de todo, -- para amar mejor a los hombres es menester, de vez en cuando, alejarse de ellos. Pero no estara solo; estara cuarenta dias, con la luz de las estrellas y los astros, y las aves y las fieras. Y los angelles que descienden del Cielo para adorarle.

Y el Angel Caído que se escurre desde el Infierno para tentarle. Alejaos, Satanás, que esta escrito, "adoraras al Señor tu Dios y a El solo servirás." Y en la Montaña, donde se escucho el Sermon

mas portentoso que se haya oido y se pueda volver a oir jamas: las nueve Bienaventuranzas, que son la 'patente' de nuestra dignidad de seres provistos de almas inmortales.

Ya en los umbrales de la muerte, durante la ultima cena, hemos revivido el Lavatorio de los Pies. Jesus se inclina delante de cada uno de sus discipulos; como hierro candente clavado en su corazon, debe haber sentido la mirada de Judas, el discipulo que habria de entregarlo.

---Comprendéis lo que he hecho con vosotros? Ustedes me llaman "El Maestro" y "El Señor", y dicen bien, porque lo soy. Pues si yo os he lavado los pies, tambien vosotros debeis lavarlos los pies unos a otros.

Hemos asistido al Via Crucis, (rememorando las caidas de Jesus) desde donde fue trasladado al Santo Sepulcro, del que resucito al tercer dia.

El Drama de Jesus ha terminado con la consumacion de su promesa: este es mi cuerpo, que sera crucificado por vuestra salvacion. Esta es mi sangre que sera derramada por el perdón de nuestros pecados. Este es mi corazon para seguir amandote.

Amparados en esa promesa, escucha Señor, la suplica de un pueblo esclavo, que no ha sido como Tu lo has sido, desclavado de la Cruz.

Tenemos necesidad de Ti. Solamente Tu que fuistes perseguido, puedes sentir hacia nosotros, los inmolados, la compasion que otros nos niegan.

Cuba es un infierno iluminado por la condescendencia del Sol. Con Tu ayuda volvera a fulgurar sobre el azul de nuestro Cielo la Estrella Solitaria de nuestra redencion.

starts at 10 a.m. on Friday, May 8.

Don't miss it!

A group of students from the School of Choice in Pahokee completed a volunteer landscaping project recently at Cape Florida State park on Key Biscayne near Miami.

Nineteen students belonging to the Cities in Schools sponsored Explorer Post at the school planted trees and shrubs at the entrance to a historic lighthouse on the grounds of the park.

The volunteer work was part of a three day camping experience in which the students learned self reliance and life management skills through a program of activities.

It's hard to describe the sense of pride and accomplishment felt by each member of this group upon completion of the project, said Gary Hainley, Explorer Advisor and trip co-sponsor. "I'm so proud of this group."

He added, "The spirit of team work and cooperation was just tremendous."

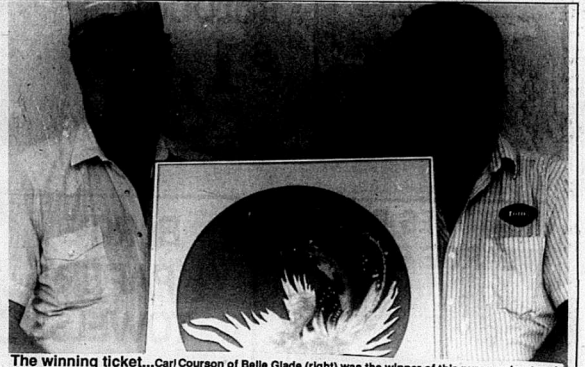

Other activities in which the group participated included swimming, snorkeling, fishing, hiking and canoeing.

Also co-sponsoring the activities were Rebecca Davis and Terrance Davis, both teachers at Choice.

The School of Choice is a dropout prevention school that utilizes non-traditional methods to keep kids in school.

First row, left to right is Lucia Garcia, William Thompson, Twanda Carney, Davila Harden, Farelle Brown, Tavelez Curry, John Young and Howard McGregor. Back row is Terry Davis, Explorer Advisor, Michael Davis, David Jackson, Jamie McAllister, Rebecca Davis, Explorer Advisor, Gilbert Singletary, Perla Lopez, Connie Boldin, Wendi Cook, Loula Lufley, Becky Davis, Ranger Steve Eldridge and Gary Hainley, Explorer Advisor. Not shown is Leticia Garcia and Mike Wilson.

The winning ticket...Carl Courson of Belle Glade (right) was the winner of this pyrograph artwork by Toots Boyette. Black Gold Fishing and Casting Contest Chairman Sam Williams congratulates Carl, who said he was very excited to have won the drawing. Sam said the drawing raised \$420 which will be used for next year's fishing and casting contest.

Scouts take tour

By Bill Phillips
 Staff reporter

Troop 622 of the Boy Scouts of America visited the Katherine Price Foundation last Thursday afternoon.

The boys took the tour with volunteer Nancy Smith explaining how the homeless are helped by the foundation.

"We have a separate room for families who do not want to be separated and then we have a men's dormitory and a ladies dormitory," she told the group.

There are separate bath and bathing facilities for the men and women. Each person is given a bed roll with clean sheets and a clean pillow case, towel, wash cloth, and when needed, clothes to wear.

They are fed two times per day and given nightly shelter.

Referrals come from various police departments, the sheriff's office, city halls and other agencies.

"We have a Resident Manager Mr. Charles Carter who lives on the premises. He is in charge and the Foundation has rules that tenants must follow. If they can't follow the rules, then they leave," she continued.

One of the scouts asked, "Do they get to keep the clothes you give them when they leave?"

The answer was yes, and the scout said, "You guys do a neat thing here."

The tour was one of many the scouts have to take to earn a good citizenship pin.

The scouts taking the tour were, Justin Gilmer, Andy Hollingsworth, Jason Haulcomb, Jacob Alston, Neal Livingston, Eddie Fincannon along with Troop Leader Deborah Alston.

Mr. Carter told the scouts that sometimes he is completely full and at other times the center can be empty. He told them how much he appreciated them coming to visit and thanked them for the donations of clothing and canned goods they brought.

"We want the public to know about us and to remember that we are here. We are a non profit agency and donations are tax deductible. We do not refuse cash donations either," he said.

Katherine Price Foundation gets visit....Boy Scouts working on good citizenship badges toured the Katherine Price Foundation last week. They are (L-R) front row, Justin Gilmer, Andy Hollingsworth, Jason Haulcomb, Jacob Austin, and Neal Livingston, (L-R) back row, Nancy Smith, Foundation Volunteer, Eddie Fincannon, Deborah Alston, Troop Leader and Mr. Charles Carter, resident manager of the foundation.

LOW BACK PAIN

If back pains are a way of life for you, the reasons can be varied and complex. Some may be pathological, but very often the cause is muscles which are either over or under-exercised which are producing spinal distortion. Vertebrae slip into abnormal positions, resulting in "pinched" and irritated nerves, which cause pain and even loss of function of the affected body part. Poor posture, or even emotional tension, can be the root cause.

Farmworker receives check from a stranger

By Bill Phillips
Staff reporter

On Friday, March 20th, an article ran in The Seattle Times entitled, "Farm workers cheated of Social Security benefits." The article featured a local Belle Glade resident, Mr. Roman McKelvin.

At the age of 83, Mr. McKelvin remembers picking cotton, planting beans and pulling tomatoes in the fields. He has no savings, no land, no pension and is not receiving Social Security.

He said, "I think I'm the oldest living part time taxi driver in town." He no longer drives his cab due to the fact he lost both of his legs when clothing occurred.

Farm workers wages do not allow them the luxury of saving for retirement on their own, according to the Association of Retired Persons.

The article goes on to say that the crew leaders are the ones cheating the workers out of their Social Security benefits, and attributes a quote from a Florida Rural Legal Services employee.

It mentions Edward R. Murrow's television documentary, "Harvest of Shame," which ran 32 years ago on NBC.

As it stands now, many farmers have started their own payroll, while others defend the crew leader system. One crew leader The SUN spoke to said he did not want to be identified.

He said, "All I do is turn in production slips to the office. They handle the money. I have no control over the workers payroll other than that."

In any event, Mr. McKelvin found out that people do care when they get the word about his situation. He received a check from a stranger to help him out. There are some wonderful and caring people in this world," he said. It was a small check, but every little bit helps!

Postmaster presents letter with check.....Belle Glade Postmaster Johnny Johnson and Supervisor Milton Crittenden present letter containing a check to Mr. Roman McKelvin, a disabled farm worker.

DENTAL HEALTH QUESTIONS

Why does the Dentist need X-rays of my mouth? Studies show that without X-rays dentists could miss more than 50% of the decay between teeth. X-rays also aid in the diagnosing and treating of dental problems, such as abscesses, cysts, tumors and impacted teeth.

What is a Crown? Why isn't it filling enough? A crown is a cover or cap for a damaged tooth that restores it to its normal shape and size. It's used when a tooth has extensive decay or has been fractured.

Why do Wisdom Teeth usually need to be removed? Wisdom teeth, also called molars are the last teeth to come in, usually in the late teens or early twenties. Sometimes there is not enough room in the mouth for all teeth to come in, this can damage other teeth and cause painful inflammation and infection. They can become decayed because it's difficult to clean back there and cause problems for denture wearers later in life.

Why do I need Root Canal Treatment? It's the only way to save a tooth when the pulp, which contains the nerves and blood supply is diseased or damaged. A common reason for root canal treatment is an infected or abscessed tooth, which may result from a deep cavity, gum disease, a fractured tooth or a sharp blow to the tooth. Symptoms may include sensitivity to hot and cold, but don't be reassured if the pain disappears - that could mean the nerve has died.

Early removal avoids costly and painful problems that might occur later if a tooth becomes infected. Removal is simplest between the ages of 17 and 20 when the roots are at least partly formed.

Taylor in Persian Gulf

Navy Airman Apprentice Wayne L. Taylor, a 1990 graduate of Glades Central High School of Belle Glade, is currently in the Persian Gulf aboard the aircraft carrier USS American, homeported in Norfolk, Virginia and is in the middle of a six-month deployment.

Over the past couple months, the carrier and its crew spent the holidays in Naples, Italy, where some of the crewmen helped to rehabilitate a shelter for the homeless, donating more than 1,000 hours to the project.

His ship then traveled to Souda Bay, Crete, becoming only the second U.S. carrier to visit the port in over 20 years. Afterwards, Taylor spent some time in Athens, Greece, where the carrier hosted a parade, that included a performance by their 65-member Marine Corps detachment.

More than 200 international dignitaries attended a reception and toured the carrier and its aircraft following the parade.

Most recently, Taylor visited Antalya, Turkey, for a five-day port visit, before transiting the Suez Canal.

The USS America is on its second major deployment in less than a year and was operating in the Mediterranean when reassigned to the Gulf.

He joined the Navy in July 1990.

Pet Show let kids show off their favorite pets

Wet weather didn't dampen the spirits of the contestants at the annual Black Gold Pet Show.

Pet Show judges, Eugenia Jones from Pahokee Jr/Sr High School and Suzy Wallis from Glades General Hospital had a hard time making up a winning list at the pet show. They both agreed that all the children and pets were beautiful and it was hard to make a final choice.

There were nine contestants in this years event:

1. Ryan Whitlock with mom's help showed 2 (Alley Cat) variety cats in the show.

2. Troy Kornya along with his mom showed off a Persian Cat in a caged wagon with balloons and a big bow. (Troy took first place overall.)

3. Michael Mobely, Jr., showed a parrot along with help from his mom, Lucy.

4. Brock and Megan Markham, showed off a solid white kitty with one blue eye and one green eye.

5. Steven Grim showed his hamster, Moe.

6. Preston Baez brought his hermit crabs, Superman and Spiderman.

7. Carmelo Aleman had his 5 month old Picanese dog, Sony.

8. Timmy Smith showed off his pet Terrier, Gizmo.

9. Israel Baez, Jr., brought his Golden Retriever named Bear.

All of the children were awarded prizes in this Black Gold Flavor of the Glades event.

Pahokee candidates

from page 1

Pahokee.

He has been on the city commission since May 1987 and has been acting mayor since February when Mayor Clark Hull Wilkinson took an early retirement.

"While in office, I would like to continue to keep good relations with all the city employees, continue the professionalism that this administration has implemented to city hall, keep taxes down and look for better ways to offer affordable housing and get more of the community's young people involved in the local government," he said.

Mr. Davis says he would like the city to join forces with the agriculture and sugar industry and start some type of touring program that would bring tourists not just for Pahokee but the entire Glades area.

I would like to see the planned bicycle trail become a part of the Florida Scenic Trails which would insure more tourism into the Glades communities," he continued.

The Acting Mayor said, "I will work hard to make Pahokee a place where people from all over the place would want to come and visit, and the only way to do this is by making Pahokee a tourist community, and by being the only city that sits on Lake Okechobee, there shouldn't be any reason why this could not be accomplished."

Alvis Davis, Candidate for Mayor

Alvis Davis is a candidate for Mayor of Pahokee. Mr. Davis was born and raised in Pahokee. His wife's name is Sandi and they have a son named Robbie. He spent three years in the U.S. Army as a Paratrooper and served 15

months in the Dominican Republic during the revolution in 1965. He was discharged honorably as a sergeant.

Mr. Davis is quick to criticize the present administration. Some things in his platform are to continue to develop the campground, something he claims to have proposed five years ago, that was opposed by his opponent.

"To formulate a ten-year agenda for the city of Pahokee on how it is to develop and grow."

"To give a minimum of a 3-year tax exemption on new business wishing to locate in Pahokee to increase the tax base."

"To promote the city and campground aggressively by advertising in various magazines and brochures."

"An aggressive public campaign against drug dealers, by constant drug busts."

"An ordinance against the sale, rental/leasing of XXX, and XXX rated material now being offered by the two video stores in Pahokee."

"Abrogate the city's agreement with the Palm Beach County School Board and return the old Pahokee High School to them."

Mr. Davis also said he felt there was a gross non-efficient use of city employees. He promises to improve sidewalks and streets and would like a 5-year plan in which the city government would challenge the local business community by matching the merchants by the gallon of paint to help clean up and paint the downtown area.

Keith W. Babb, Jr., City Commissioner Group I

Keith W. Babb, Jr., age 35, was born and raised in Pahokee. He is employed by Palm Beach County as the West Area Supervisor for the Division of Senior Services.

Mr. Babb is a 1975 honor (top) graduate of Pahokee High School. He was the 1975 Pahokee High School athlete of the year, and most valuable cross-country runner. During the 1975 Senior Awards Day Program, he was voted upon by teachers and staff of PHS as the Best All Around Male Student along with many other honors.

In college, he was president of Alpha Kappa Mu National Honor Society, President of the Senior Class, Vice-President of the Texas College Student Government Association, was on the dean's list for (3) consecutive semesters, and graduated 2nd in his senior class, Magna Cum Laude.

Professionally, he is Chairman of the Western Palm Beach County Community Service System Coalition, Chairman of the Executive Board of Pahokee Community Support Group, Activity Chairman of the Glades Youth Recreation Association, Keeper of Records and Exchequer of Kappa Alpha Psi Fraternity, Inc. and a member of the Glades Branch of the NAACP.

His platform lists his top five priorities as:

- To improve Pahokee's image.
- Bolster Economic Development.
- Support decent and affordable housing.
- Address the drug problem and rising crime rate.
- Encourage the development of the lake front.

Mr. Babb said, "If elected, I pledge to bring government back to the people; to work full time as your City Commissioner; to get everyone involved; and bring new vision and new leadership into the city's government for a bigger, better, and brighter future for Pahokee."

Albert E. Choate, City Commissioner Group I

Albert (Al) E. Choate is a candidate for City Commissioner Group I. Mr. Choate, age 56, is a resident at 2121 East Main Street in Pahokee. He is married to Sandy, who works at Ev Grubbs Memorial Hospital and has six grown children.

Mr. Choate is a self employed businessman in Pahokee.

He said, "This could easily be the most critical election in the history of Pahokee. We must unite and become one community - only by working shoulder to shoulder, side by side can we clean up our city - small and carry out an intensified drug abatement program."

If elected I would like to see Pahokee in six months to a year earn the reputation of a town where, "You don't sell or do drugs or you are in trouble."

A good drug abatement program would lead to a great reduction in crime and make Pahokee a better, safer place to rear our children.

A cleaner drug free Pahokee would greatly increase the positive image of Pahokee and tend to attract visitors and businesses to our town.

Mr. Choate believes Pahokee should expand and improve the marina and camp ground area - the most valuable physical asset Pahokee has, in his opinion.

He said, "We should invest in our Chamber of Commerce - which is a true reflection of our business community."

It is time for drastic positive change in Pahokee, and I think that with the help of the citizens, I can be a critical factor in making Pahokee a better community in which to live.

If you would like to have more information on my platform, please feel free to call me between 6 & 9 p.m. at 924-2195.

Pete Moore, candidate for City Commission Group II

Pete Moore is a candidate for City Commission Group II. Mr. Moore is married to Mary Alice Moore. She is employed by the Palm Beach County School Board at Pahokee Jr./Sr. Middle High School.

Mr. Moore is a self employed businessman in Pahokee. He is employed by Pete Moore Sales Company and has been in that business since 1969. He is semi-retired and says he would be a "Full Time" Commissioner.

He was in the Navy for three years and served in the South Pacific. His son Kevin graduated from Pahokee High School. Mr. Moore is a graduate of the University of Dayton with a degree in business organization.

He said, "I'm for improving the marina and exploring every possibility of using the old Pahokee High School building."

If elected commissioner he said he would want to diligently on building and recruiting new businesses to come into the Pahokee area. He would like to see improved affordable housing for Pahokee residents.

Mr. Moore feels he has a lot to offer the city especially with his knowledge of business organization and promises to do just that, if elected.

Royal E. York, Candidate for Commission Group II

Royal E. York is a candidate for City Commission Group II and moved to Pahokee in 1971.

Mr. York, age 54, is married and his wife's name is Mary. They have two sons Edward and Kevin, graduates of Pahokee High School classes of '85 and '86.

"He is a member of the Pahokee Catholic Church and has been married 26 years."

He said, "I think it's time for the city to make a commitment to the youth. They are our people's future resource."

His municipal experience was in the Public Works Department in Lantana. He is a former businessman of Delray Beach. When faced with choice of operating his own business or raising a family, he says he chose to move to Pahokee and rear his sons in a small farming town. He is currently employed by U.S. Sugar Corporation.

If elected he wants to bring all the lessons learned to bear on solving some of the problems facing the City of Pahokee.

He would like to expand the waterfront property on the lake and find a use for the old high school.

"I plan to have an office in my house and be easily accessible to my constituents."

Richard G. Murray of Belle Glade with a plaque for 10 years of dedicated service.

"Mr. Murray is an example of the type of community involvement essential for the success of neighborhood social services agencies," said Scott Kannel, Executive Director of the Glades A.R.C.

"Daddy Dick," as most people know him, is a quiet well-spoken gentleman who says he likes to maintain a low profile.

He married his wife, Carmina, September 7, 1940 and they are about to celebrate their 52nd anniversary this year.

Mr. Murray is a member of

the Civitan Club and an Elder in the local Presbyterian Church.

During his tenure on the Board of the A.R.C., they built the thrift shop and bought the old skating rink where clients may work in the Self Help Work Program. He retired for health reasons.

"I can't see, so I had to give it up," he said. "I don't like to participate when I can't read and see what is going on."

The Murray's moved to Belle Glade, November 8, 1951. He said, "We just came to visit and never left. It was such a beautiful place with wonderful people."

Mr. Murray opened a small children's store and called it Daddy Dick's. It grew and grew until it became "The store" to buy your children's clothes.

The couple presented every newborn infant with a silver spoon at birth so that every child in the Glades could say, "they were born with a silver spoon in their mouths."

As Mr. Murray approaches his 76th birthday this September, he and "Momma Dick" are very important to a certain bunch of children who are now adults in all of the cities of the Glades. The SUN salutes another Glades Pioneer couple.

A.R.C. honors Richard G. Murray...Tommy Cone (L) is shown presenting plaque to Mr. Murray (Center) with Mrs. Murray looking on.
